Its workflow includes many layers, and layers can be moved, flipped, rotated and resized with the use of the Transform Tool. The layers can be grouped or made

Using the Curves and Levels tools, users can make adjustments to the image. The Curves tool can be used to evenly adjust brightness, darken contrast and

lighten shadows and highlights. The Levels tool can be used to improve contrast. The Magic Wand tool can select an object using edge detection, or be used to select an area to fill with a color.

No one can say with certainty exactly when birth control methods became available, or even exactly where they emerged. Their development, however, is a classic story of economics, politics, and power. And it came about largely because of a decision by the United

States to forbear from World War I, and to allow women to qualify as nurses. Women won't always be in the workplace, nor will they be paid equally for the same jobs, but that hasn't stopped them from breaking glass ceilings and blazing trails as trailblazers and businesswomen. Crafts is offering a
great deal on Luminous
Floating Candle Pods.
Though Luminous was
designed as a plant-
based candle, its non-

toxic, 100%
biodegradable, floating
vessels allow you to
enjoy it in any
atmosphere. The wax
version is intentionally
thicker and heavier than
the plant-based version,
due to its strong
resistance to hot plate
and sauna use. This
version also allows for a
more luxurious and
robust fragrance, as the

plant-based version is less pliable and therefore softer in your hands. Other reasons to celebrate? Lantern Crafts is offering free shipping on the month of November. There's room to grow There are more than 100 Chinese fortune cookie stores in Central Jersey and the region has a lot of potential, says Joe Leo,

the manager of Wells Fargo's Real Estate Services for Trenton/Ewing. "I see a ton of new stores being built in the future," says Leo. This year, restaurant reviews are up about 3.8 percent overall for New Jersey, according to Business Insider. This is not a surprise, because St. Patrick's Day is

trending up in popularity. The most popular restaurant for St. Patrick's Day this year is Tim Hortons in Ewing and South Trenton, with 77.5 percent of its guests saying they are enjoying the atmosphere. The next closest on the list was Old Country Buffet in Hackettstown, with 60.1 percent of guests

saying they are enjoying the atmosphere. This year, however, Mary Brown, co-owner of Mary's Grill in South Trenton, expects a jump in business. "It is a Friday in January, after Christmas, with the weather being nice and everybody's home. Friday is our slowest day," says Brown. "It's usually half full. I think

it's going to be nice
with St. Patrick's Day.”
