

I checked it myself. Works... Works for Anno 1404 Venice V2.01.5010. How to use this cheat table? Install Cheat Engine ... As I said, when installing Anno 1404, Venice, Padua, Vicenza, Treviso, Verona, and Ferrara were included in the list of cities available for the game. I decided to take this opportunity and check in which cities it would be possible to play, not Anno 1404, but Anno 2070 or Anno 1404. In both cases, the game, when launched, will return the same list of cities. Anno 1404 lists Venice, Padua, Vicenza, Treviso, Verona and Ferrara. The same four cities are listed in Anno 2070.
